1. General Information

Thank you for your interest in becoming a member of GoCreate.

GoCreate is a premier makerspace open to creators of all ages and experiences. You don't have to be a student or alumni or engineer or egghead to make it here. You only need a membership, an idea and the will to make it happen. The 18,000-square-foot space offers sophisticated tools and equipment — beyond the reach of most DIYers — and expert training and a supportive community that can help make your prototypes, projects and dreams come true.

This agreement is binding for members. Any changes to this agreement, or to the facility procedures and policies, will be communicated in writing to members.

GoCreate has an abundance of machines and computers. If you want to spend hours on a specific task, you are welcome to as long as you are not preventing someone else from completing a task. If you have occupied a machine for more than 30 minutes, you will need to limit yourself to the end of the next half-hour on a specific computer or machine if there is someone waiting.

Level 4 and 5 machines have longer time limits, can accommodate longer processes, and should be scheduled in advance. (See Machine Access Policy section below for more information about machine levels.) Members can use level 4 and 5 machines up to 2 hours per machine per day. If no members are scheduled to use a specific machine, it may be used at that time. All other machines are on a first come, first served basis. This is to guarantee availability of equipment except when reserved. If a member needs access to equipment for an extended period of time, please consult with staff.
